

ST JOSEPH'S COLLEGE ARTS ACADEMY KEY SELECTION CRITERIA

For the first time in 2025, SJC is excited to offer Arts Academy placements to students in Year 8 and 9 who are aspiring performing and visual artists. The application process commences the year prior to entry.

**Applications for entry into Year 8 and 9, 2025 are now open.
Applications will close at 3.00pm on Friday 9 August, 2024**

1. Selection Process

Each aspiring SJC Arts Academy member is asked to complete an online application. Please note that applicants will be required to log into a Google account (all students have these) to complete the form.

As part of the application form, each student is asked to include:

- Experience
- Current schedule/commitments
- Goals
- A personal video
- 2024 teacher reference
- Optional external reference
- Program Agreement, signed by student and parent/carer

If the student-artist's application form is successful in passing the first stage, the applicant and their parents/guardians may be required to attend an interview with the St Joseph's College Arts Academy (SJCAA) Selection Committee, or one of its members. The interview will outline the final stages of the application process and may involve the aspiring student-artist demonstrating their talents prior to being selected into the program.

The outcome of the student-artist's application will be determined in a detailed letter addressed to the applicant. This letter will outline one of three results:

- confirmation of acceptance
- application added to waitlist register for second-round intake or future consideration
- application unsuccessful.

*All applicants on the waiting list will be analysed throughout the school year. Should a position within the program become available, the best candidate will be offered an opportunity.
